

NATIVE PLANT SALE!

We are so happy to offer a selection of native plants this spring! There are four different kits featuring 50 plugs of the Great Lakes Regions, 10 different species per kit. These species are selected based on four different habitats: Rain Garden, Prairie Wildflower, Prairie Grass and Shade Kits. Orders will need to be placed by March 31st and will be delivered here to the office by the first week of June. You will be notified upon their arrival and they will need to be picked up as soon as possible. We hope you will give at least one a try! Adding native plants to your property has SO many benefits to the local food web (this includes pollinators, insects, birds and other wildlife) BEE friendly and plant native plants today!

WHAT PLANTS DO THESE KITS CONTAIN?

RAIN GARDEN KIT

Suited for swales, short-term flooding and periods of temporary drought. Contains:

Swamp Milkweed, Bristly and Brown Fox sedges, Broad-leaved Purple Coneflower, Common Rush, Riddell's Goldenrod, Common mountain mint, Golden Alexanders. *

SHADE KIT

Contains a mix of wildflowers, sedges, and grasses for season-long interest. The mix performs well in full to part-sun in medium to dry soil.

Contains the following:

Wild Snakeroot, Wild Columbine, Plaintain Sedge, Northern Sea Oats, Blue Mistflower, Bottlebrush Grass, Great Blue Lobelia, Blue-Stemmed Goldenrod, Heart-leaved Aster, Ohio Spiderwort. *

*May contain some substitutes

PRAIRIE WILDFLOWER KIT

Contains a selection of flowers and grasses that will attract and host pollinators and birds. Performs well in full to part-sun in medium to dry soil. Includes:

Nodding Wild Onion, Butterfly Weed, Blue Wild Indigo, Sand Coreopsis, Purple Prairie Clover, Broad-leaved Purple Coneflower, Foxglove Beard Tongue, Black-eyed Susan, Little Bluestem and Early Goldenrod. *

PRAIRIE GRASS KIT

A mix of grasses and sedges for full sun and medium to dry soils. These plants will be deeply rooted and low maintenance and include:

Big Bluestem, Side-oats Grama, Copper-shouldered Oval Sedge, Canada Wild Rye, Bottlebrush Grass, June Grass, Switch Grass, Little Bluestem, Indian Grass and Prairie Dropseed. *
